

REPORT- A Webinar on Ovulation Induction as part of the program " Infertility Management Simplified"

The Indian Society for Assisted Reproduction (**ISAR**) and Breach Candy Hospital jointly conducted an International Webinar on **13th on September 2017**. The Webinar was held between **07:30pm to 10:15pm** at **Breach Candy Hospital**, Mumbai - which was the main hub. 5 cities were connected live with the Mumbai hub. This Webinar was supported by an educational grant from Torrent.

Dr Duru Shah, President- ISAR introduced the program and was joined by a panel of distinguished gynaecologists from India- **Dr. Ameet Patki, Dr. Jaideep Malhotra, Dr. Sanjeev Khot, Dr. Rishma Pai and Dr Sabahat Rasool**.

The Webinar began with **Dr Duru Shah - Founder President of PCOS Society**, delivering her welcome speech and setting the tone with an introduction to the ISAR and its educational activities.

Dr Zeel Shah, the master of ceremony , introduced all the faculty members.

This was followed by very interesting clinical case presentations by Dr Ameet Patki on Infertility which was discussed by the experts Dr. Jaideep Malhotra Dr. Sanjeev Khot and Dr. Rishma Pai.

After this impactful case presentation, the faculties engaged in a very interactive panel discussion on various aspects of Ovulation Induction, followed by an engaging round of Q& As involving all the webcast locations.

A total of **283** delegates participated in the Webinar from the 5 cities and **548** doctors viewed it online.

The overall feedback obtained from the participants was very encouraging and positive, one that would enable them to improve their clinical practice.

The entire program has been video graphed, edited and archived on the ISAR website.
