DAY 1

10 members registered for the training but only 7 turned up .The 3 who did not show up said they were not able to make it due to some personal reasons .We started the training by 9.15 after all the participants assembled and finished their breakfast. A brief introduction about the training was given by Dr. Mala Raj & Dr. Poovizhi from Ethicon Institute of endosurgery welcomed the participants

The agenda for the day was as follows:

1. Instrumentation: Hysteroscopy & Laparoscopy	Dr. Sri Priya
2. Fibroids &Adenomyosis	Dr. Mala Raj
3. Endometriosis: Surface & Chocolate cyst	Dr. Ashok Kumar
4. Adnexal problems: Tubes & Adhesions	Dr. Ashok Kumar
5. PCOS drilling, Simple Ovarian cyst/Dermoid cyst	Dr. Sripriya
6. Ectopic Pregnancy:	Dr. Sripriya

After the didactic sessions the group broke for the lunch.

Post lunch 'Hands on' training on pelvic trainer & Hystero stimulator was done. Storz provided their Hystero-stimulator .All the participants were enthusiastic about the hands on training.

The group did break for tea. Post tea break the following video lectures took place:

1. Septum, Adhesions, Cavity corrections	Dr. Ashok Kumar
2. Cannulation	Dr. Sri Priya
3. Submucous/Myoma& Polyp	Dr. Sri Priya

Post the lectures were Question & Answer session. All queries were tackled by the faculties

DAY 2

All the participants arrived on time .We started off by a lecture by Dr. Mala Raj on Electro surgery and its clinical applications. We divide into two batches and the first half were allowed to do the Wet lab and the second batch was getting trained on the pelvic trainer & Hysteroscopy. All the

three faculties took care of the training on the wet lab. This was followed by question answer session and photo session. The delegates gave a very good feedback about the course and went back satisfied

With this we came to the end of second session of the training program.
